

Volgren

"I cannot say enough good things about UES."

"UES's WIP program delivers with structure and performance, and equips both Volgren and UES with the right information to effectively plan, schedule and carry out effective supply of production parts for our vehicle builds."

Michael Healy Supply Chain Manager

Custom Coaches

"I would like to congratulate you & your team at UES for the excellent service you have provided..."

"You are now a true partner in our business & we look forward to continuing our relationship for many years to come."

Bill May National Supply Manager

North East Engineering

"UES is our first choice when it comes to sourcing of quality and reliable products backed with ongoing services, consistency of supply and warranty."

"We class UES as a one stop solution provider for all our motor body engineering challenges."

David Di Lorenzo Workshop Manager

OVESCO

"My Grandfather started purchasing Shaft Poles, Sulky Steps and Horse Shoe Nails from UES back in 1939."

"We no longer buy those products and the world is a different place now, ...but it's a rarity in business today to say we have continually purchased products from the same supplier for over 70 years."

Peter O'Neill Managing Director

DENNING

"We have found that UES have supported Denning very well..."

"...this is emphasised by the longstanding relationship between the two companies. Nothing has ever been too hard for UES."

"The Products offered by UES are of high quality and we are always informed of any new product released or about to be released."

"I believe that the relationship between UES and Denning will continue to be strong in these uncertain times."

Tim Timoteo Purchasing & Sourcing

Mills-Tui

Mills-Tui is a special vehicle manufacturing company, whose goal is to produce excellent products; UES assist us with this goal; from their excellent knowledge of parts and part development information – to their sense of urgency and excellent customer service.

Park Motor Body Builders

"UES have been supplying Industrial and Transportation Hardware to us for over 20 years.

UES meets our production needs in a consistent and timely manner with the highest quality parts at the best available prices. UES always goes that "extra mile" to ensure we get what we need when we need it."

David DiNella Managing Director

Melbon Sheetmetal

Melbon Sheetmetal

"The UES product range and quality is second to none and wins hands down with other competitors. The UES service is of a high standard which makes dealing with UES a pleasure.

Graeme Cepo Processing Manager

Metaltorque

"We have found over the years that the extensive range of products and product information has on numerous occasions been of invaluable assistance to us in the operation of our business. We believe that the staff go that extra mile in sourcing products we require with maximum enthusiasm.

K J Davis Director

Wereabout

"UES supplies us with a broad range of components for our motor body building business.

New products have been introduced to compliment our business and some hard to get items have been procured. Custom produced items are supplied in a timely manner.

Their customer service and professional manner is exemplary, and I would not hesitate to recommend their services.

John Berry Director

Tasmania Fire Service

The products, service and advice that the UES staff have provided the TFS has assisted us to achieve results that in the past due to limited product access, we had not been able to achieve.

I appreciate the very professional assistance and friendship that has been provided to both our organisation and me personally since making contact in 2003 and thank UES for their participation in assisting the TFS to achieve the positive results we have.

Leon Smith Manager, Engineering Services

Translink

The seats look even better in person than in the photos received!

Please extend our thanks to those involved in the quick turnaround at UES in fabricating these seats for us.

Michael Sauvé, Project Manager, Consultant
Engineering and Project Services

Plasser Australia

Plasser Australia

Plasser Australia has a long association with UES built over many years.

The Sales Staff are knowledgeable and helpful and go out of their way to ensure customer satisfaction is met.

I would not hesitate in recommending UES to prospective customers.

Scott Lawrence Purchasing Manager

Harfab Industries

"UES provides fast, helpful and friendly Customer Service. Their product variety is excellent with stock always on-hand allowing us to ensure that our products are manufactured and provided on time to our customers.."

Steve Harper Director
