BAWER

For two decades now, UES International has been working closely with BAWER, one of the best toolbox company based in Italy to design, manufacture and exclusively supply the best quality Toolboxes in Australia and New Zealand.

BAWER's production is essentially based on stainless steel, in its various finishing and typologies, according to the specific using request from the various market areas. The raw material choice is careful and rigorous, as rigorous and continuous are the tests to check every single component, during the complete production cycle, until the delivery of the end product, to guarantee the absolute perfection and quality.

BAWER always pursues the excellence as its aim. Quality is its business card used to present the company to the international markets. The certificates of BAWER's quality are various: UNI EN ISO 9001:2000, UNI ISO/ TS 16949:2002, UNI EN ISO 14001:2004, SA 8000, BS-OHSAS 18001:07; Best 4 (Business excellence sustainable task). The last one is a pattern that allows to certificate the Quality, Environment, Security and Social Responsibility integrated management systems; studied almost for medium-big companies, which has the purpose to safeguard the environment, the work conditions inside the social contest, the qualified job creation and the ethical principles protection. Coming soon: CE n° 761 dated 19/03/2001 – EMAS.
